IMAST App & Financial Audit

Document Collection for IMAST App

About IMAST:

IMAST is Armenia's first charity app, designed to provide a transparent platform for verified non-profit organizations to reach global donors. The name "IMAST" means "meaning" in Armenian, symbolizing a clear path to supporting those in need.

Our Role:

Dekavva Foundation actively participated in gathering and submitting the full package of documents for the IMAST app, allowing us to attract more donors and expand our assistance to vulnerable families.

Audit

We conducted a thorough audit of our operations and financial reports, presenting a transparent document package. This strengthens the trust between the Dekavva Foundation, donors, and recipients, ensuring transparency at all stages.

Provision of Humanitarian Aid to Displaced Families in Lori Region

27 families | Community Involvement | Long-term Support

In response to the needs of families displaced from Artsakh due to the events of September 2023 and beyond, the Dekavva Foundation has been actively providing humanitarian aid in the Lori region. This support includes not only food but also essential household supplies and technical assistance to help these families rebuild their lives.

Partnership with Hayordi Foundation:

On September 27, 2024, the Dekavva Foundation and the Hayordi Foundation visited the Yerablur military pantheon to pay tribute to the heroes who died in Artsakh and other parts of Armenia and distributed flowers.
